certificate

Projects

Quotes Site Aug 2022

- A **Single page application** to demonstrate the concepts of routing using **react-router**. It shows a list of Quotes with a sort button that changes conditionally on the welcome page.
- You can click on the link provided on the quotes to view them full screen and load the comments and also comment on them.
- It also contains a page to Add a new Quote which **redirects** to the welcome page after successfully adding.
- Stack Used: **JavaScript, ReactJS, Firebase, CSS.**

Food Ordering App

Jul 2022

- A **Food ordering App** with a list of food items and a cart.
- It contains a **products page** and a **cart** with amount variations.
- The site uses **firebase** as a dummy backend to fetch and store the items and user info.
- There is a order button in the cart which opens the **checkout modal** on the website, and you can enter your data and it will submit it to a dummy backend.
- Stack Used: **HTML,CSS,ReactJS,Firebase.**

Shopping site

June 2022

- A Shopping site that uses various **Javascript** concepts and some important **Browser Api's**.Some of the Features are:-
- A captcha modal that uses **Browser storage**
- A cart Modal overlay which also supports **drag drop** operations.
- A products page where in you can sort the products using the keywords provided.
- Developed this as a **practise project**.
- Stack Used: **html ,css, Vanilla Javascript, Bootstrap.**

Tetriminoe Game

- A tetriminoe game to practise basic **vanilla Javascript** concepts such as **Dom Manipulation,event Handling** etc.
- It's a basic tetriminoe game with the usual rules of filling a row and adding 10 to the score until any tile touches the 1st row.
- Arrow keys to change the rotation of the tile and to move it right or left,A start/pause button given which also changes the next tile to be thrown.

Volunteer Experience

National Cadet Corps

CADET

Jan 2022 - present

I am a cadet at this prestigious organisation in my university.Here we volunteer for various tasks and organise several events.

HackDefine

OC MEMBER

In Organising team to organise a hackathon with over 1300 participants, and organised sessions and workshops by various speakers.
